

# CITY OF MORETON BAY

HUB was awarded the first ever 'Infrastructure as a Service' contract by City of Moreton Bay. Kicking off in late 2018, Stage 1 sees HUB planning, funding, delivering and maintaining a network of 52 SMART.NODEs™, 71 SMART.HUBs and 4 TOWER.NODEs. The network will deliver a range of digital devices to the new Smart Precinct known as 'The Mill'. The Mill is a major new development that will deliver residential, commercial, the new University of Sunshine Coast campus, recreational areas and more for the local community.
