

HUB PROJECT SHEET

FAIRFIELD CITY COUNCIL

HUB has deployed 6 SMART.POLEs and 1 SMART.NODE™ in Fairfield City Council's Canley Heights Town Centre. Stage 1 of the works, which saw upgrades to the footpath and lighting, which is turning the town centre into Fairfield City Council Smart Places. The SMART.NODE™ and SMART.POLEs provide a wide range of digital devices to the vibrant diverse residents and visitors including, CCTV, decorative lighting, public address system and capable of numerous other future services.
